

Vocabulary Tea Break Guide - Mawsley School

Introducing children to new words is critical in order to empower them as speakers, writers and readers. This also enables them to access the entire curriculum effectively. Therefore, we introduce three new words each day, in the form of 'tiers', for children to learn.

Tier 1: 'Anchor Words' are words that are usually familiar to most children and often used every day.

Tier 2: 'Goldilocks Words' (not too easy, not too hard) are words that enhance children's understanding of a topic and are specifically targeted.

Tier 3: 'Step On Words' are words which extend the children's vocabulary beyond what they may have already heard.
