

Mathematics

In mathematics this term we will be challenging ourselves by learning about Geometry. We will be exploring how to calculate angles, properties of shapes and positions.

English

This term in English, we will be exploring, 'Overcoming the Monster' stories, which will include a variety of year 5 features. We will also be challenging the children further by looking at how we can show rather than tell.

Geography

This term the children will be exploring Great Britain's trade links with other countries around the globe and how far our products have to travel in the export import process.

Computing and PE

In Computing, our pupils are exploring adventure games.

In PE, Class 10 be developing their ABCs through Real PE and athletics. Class 9 will be learning/developing their swimming technique.

Science

Our science learning this term is titled 'Growing up and growing old'. This unit will compliment our PSHE learning, where we will be learning about how children develop.

Wow week

The children will have a Design and Technology focus this term, exploring textiles. The children will learn about embellishment. In Music, the children will learn how to remix and loop music.

Curriculum enrichment

This term, we will develop our Personal Development by exploring how to keep healthy. We will kick start the term off with a Keep Me Healthy Day. The children will also be celebrating the Queen's Platinum Jubilee.

RE and PSHE

In RE, the children will be learning about what Christians believe about how the world was created and how this impacts humans. In PSHE, the children be learning about physical health, including puberty.

How can you help at home?

Please encourage your children to:

- read daily,
- learn their spelling words,
- practice their 4, 5, 6, 7, 8, 9 and 10 multiplication tables.
- Go Curiosity
