

### Mathematics

In mathematics this term we will be challenging ourselves by learning About Statistics. We will be exploring how to read and understand tables. We will also be developing our problem solving knowledge.

### English

This term in English, we will be exploring The Queen, by Richard Bassey. The children will be showing their understanding of SPaG knowledge through a range of different writing styles such as – non chronological reports and letters.

### Geography

This term the children will be exploring The Monarchy past and present. Looking in particular at various significant figures of the past, how our monarchs are chosen, their duties and impact on culture they have made.

### Computing and PE

In Computing, our pupils are exploring VR designers.

In PE, Class 9 be developing their ABCs through Real PE and athletics. Class 10 will be learning/developing their swimming technique.

### Science

Our science learning this term is titled 'Amazing Changes'. This unit will compliment out PSHE learning, where we will be learning about how children develop.

### Wow week

The children will have a Design and Technology focus this term, exploring textiles. The children will learn about embellishment. In Music, the children will learn about the Blues Scale.

### Curriculum enrichment

This term, we will develop our Personal Development by exploring potential careers at Careers Day. We will kick start the term off with a Keep Me Healthy Day. The children will also have the opportunity to take part in Sport Day.

### RE and PSHE

In RE, the children will be learning about what other religions believe about how the world was created and how this impacts humans. In PSHE, the children be learning about physical health, including diet.

### How can you help at home?

Please encourage your children to:

- read daily,
- learn their spelling words,
- practice their 4, 5, 6, 7, 8, 9 and 10 multiplication tables.
- Go Curiosity
