

Mathematics

In mathematics this term we will be challenging ourselves by learning about fractions, decimals and percentages. Exploring their common properties and how they can be linked.

English

This term in English, we will be exploring diary writing. The children will be producing a range of fiction writing in the style of non fiction texts, which will include a variety of year 5 features as well as exploring different suffixes to help improve their spellings.

History

This term the children will be exploring aspects of local history and studying places and people that are significant to our local area.

Computing and PE

In Computing, our pupils are exploring how computers communicate with each other around the world by looking at networks and systems.

In PE we will be developing our ABCs through Real PE and Rugby.

Science

Our science learning this term is titled 'Let's get Moving'. We are very excited to be exploring the force of gravity and its impact on every day life on Earth.

Wow week

The children will have a Design and Technology focus this term, exploring materials used for product packaging and how it has evolved through the years. This was swapped with our printing unit from last term.

Curriculum enrichment

This term, in brainboost, the children will be enjoying some additional poetry opportunities. The children will be exploring poems from Big Thoughts for Little Thinkers. They will then be exploring techniques around performance poetry.

RE and PSHE

The children will be learning about it means to be a person of faith today, and we will also be learning about religions in our community.

How can you help at home?

Please encourage your children to:

- read daily,
- learn their spelling words,
- practice their 4, 5, 6, 7, 8, 9 and 10 multiplication tables.
